

objectInfo\_t

```
graph BT; picture -- objectInfo --> objectInfo_t
```

The diagram illustrates a pointer relationship. At the top is a white rectangular box with a black border containing the text 'objectInfo\_t'. Below it is a gray rectangular box with a black border containing the text 'picture'. A vertical dashed purple line connects the bottom of the 'picture' box to the bottom of the 'objectInfo\_t' box, ending in a solid purple arrowhead pointing upwards. To the right of this dashed line is the text 'objectInfo'.
